REFERENCES

Location: Approximately 10 nm SE of the complex support facility

25X1D

Type: IIID

Negation Date:

Stage of Construction: Mid

Date First Seen:

Launch Site H1, which includes the probable control facility for Launch Group H, is situated in rolling farmland. The site contains an excavation with a launch silo and a probable control facility under construction. It is at least partially surrounded by a single security fence. A support area containing at least 8 buildings is northwest of the launch site.
